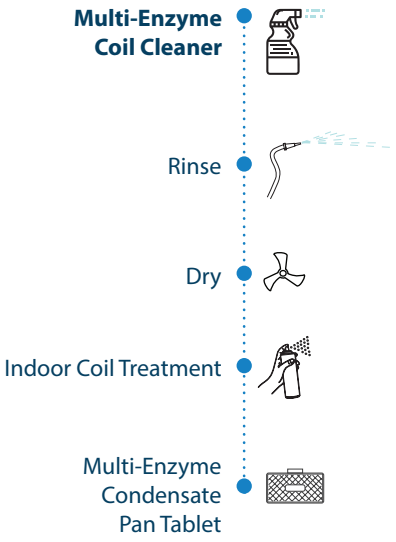
MULTI-ENZYME INDOOR COIL CLEANER

FOR USE ON HEATING AND COOLING AIR CONDITIONING COILS

CLEANER COILS IMPROVE ENERGY EFFICIENCY & REDUCE RUNNING COSTS

Over time the surfaces of coils become dirty. Air moving over the coils contains dirt, dust, pollen, moisture and other contaminants. A build-up of contaminants reduces the available surface area for heat transfer reducing the efficiency of the heat transfer process, leading to excess energy consumption & poor system performance.[ii]

For best and optimal result, pair with AerisGuard™ Indoor Coil Treatment & Multi-Enzyme Condensate Pan Tablet as below[i]



PRODUCT OVERVIEW

The **AerisGuard™** Multi-Enzyme Coil Cleaner is a proprietary enzyme-based cleaner & surface preparation product for HVAC&R evaporator coils for domestic, commercial & industrial air handling installations.

The product is designed for application to cooling & heating coils in situ as part of a mechanical plant maintenance program. The cleaning process removes existing bacteria, fungi, and other contaminants.

The **AerisGuard™** Multi-Enzyme Coil Cleaner is step 1 of the coil cleaning process. When used in conjunction with **AerisGuard™** Indoor Coil Treatment, provides a 12 month residual protection.

- ✓ **Validated coil efficiency improvement**
- ✓ **Meets DA19 requirements for maintenance**
- ✓ **Complies with AS/NZ 3666.4 for microbial control**
- ✓ **12 months warranty[i]**
- ✓ **pH neutral safe for users & the environment**
- ✓ **Australian made**

PRODUCT NOTES

i. Refer to SDS-011 Multi-Enzyme Coil Cleaner

ii. HVAC HESS Fact sheet published https://www.environment.gov.au/system/files/energy/files/hvac-factsheet-cleaning-coils.pdf

MULTI-ENZYME INDOOR COIL CLEANER

FOR USE ON HEATING AND COOLING AIR CONDITIONING COILS

FEATURES

- Non-acid, non-alkaline cleaning process
- Safe for use on indoor coils
- Specifically formulated to attack & remove all organic deposits found on heat exchanger coils
- Broad spectrum of enzymes formulated to break down biological material
- Completely biodegradable & washes down the drain safely
- Odour free
- Highly concentrated product
- Compatible with all common cleaning processes

BENEFITS

- Validated coil efficiency improvement
- Meets DA19 requirements for maintenance & air quality
- 12 month warranty[i]
- Saves time with quick and easy preparation
- Easy to use & safe in all working environments
- Will not damage or corrode heat exchanger coils
- Easy and safe to transport

PREPARATION

Product Code	Description	Dilution Rate
AG-ECC-200	Multi-Enzyme Coil Cleaner 200ml	20:1 – Makes 4L
AG-ECC-1	Multi-Enzyme Coil Cleaner 1L	20:1 – Makes 20L

Product Code	Application Rate
AG-ECC-200	20ml per m^2 for small coils
AG-ECC-1	Larger coils refer to SDS / IFU

NOTE: Dilute with warm water 40ºC - 60ºC[i]
